### ***Mission Statement***

***As a faith community we commit our talents and skills to quality teaching and life long learning in a caring environment which integrates faith, life and culture.***

## ***Vision Statement***

As the faith community of Our Lady of The Assumption School we commit ourselves to developing an authentic Catholic School which:

- is founded on the person of Jesus Christ and enlivened by Gospel values;
- promotes the teachings of Jesus and the living out of the values handed down to us by our Catholic faith;
- provides each individual with an experience of belonging to this community leading to the enhancement of self esteem and the encouragement of generous service;
- develops the full potential of each person, and ensures a balance between individual and societal needs;
- provides a challenging curriculum which links faith, life and culture;
- promotes our school as a place of quality learning and excellence;
- promotes an active partnership between home, parish, school and community.

## ***'to love and learn'***

We will come to love God and each other more by learning to know:

- The Father who constantly loves and forgives us;
- Jesus who gave Himself for us;
- His Spirit who watches over us with love.

Our readiness to love and to learn sometimes involves pain. To do what God our Father wants, we need to be disciplined and at times to put aside our own desires. Jesus did not hesitate, even though it meant the Cross for Him; Mary did not hesitate, even though she did not understand; so we ask them to help us be prepared always ***to love and learn.***

## ***BACKGROUND***

Our Lady of the Assumption Primary School is committed to providing a safe and caring environment which fosters respect for others and engenders a supportive Catholic Christian Community.

## ***RATIONALE***

We believe that by developing positive relationships between all members of our school community, we can best fulfill our mission to commit our skills and talents to quality teaching and learning in a caring environment which integrates faith, life and culture.

## ***VALUES***

The values of social equality, justice, respect, trust, shared responsibility and cooperation drawn from our Mission Statement as well as other church and system documents guide the processes outlined in this policy and those policies which this one embraces.
